

I would like to begin by sharing a heartfelt Thank You to Adam and the Corporate Turnaround team that worked on my behalf. They assisted me in the darkest days of my life. I am grateful.

About 7 years ago I began searching online for a miracle solution to my business debt. The economy was failing and so was my marriage.

I ran across Corporate Turnaround and made a call to see what their program could offer. I visited with a lovely woman, Yolanda, I believe. I was distrustful but had several conversations with her. I cried, got mad and spilled my guts.

She kept assuring me I could get positive results with the CT program.

Sorry to say it was another 2 years before I reached for help and started the program.

After those 2 years, I had experienced the collapsed economy, a debilitating divorce, disastrous financial emergency with my child and the heartbreaking death of my dog. I was paying minimum payments on close to \$80,000.00 credit card debt. More debt was piling up and I just could not keep up.

I started the program and the rest is history now 5 years later!

When I was introduced to Adam, he requested all my financial information and a hardship letter. That hardship letter was, for me, the hardest part of the program.

I had to revisit all the moments leading up to my asking for and receiving help.

Throughout the years Adam stayed calm and steady for me. He was always gently firm with me. He always worked with my situation at the time and never let me bail out. He always encouraged me to seek solutions for my situation. I never felt he judged me and truthfully that kept me feeling strong.

So, is the program cheap? No. It costs for those professionals to have helped me through the mess.

Did I save money? Yes I did in the long run. I'm 65years old and I would have never paid that debt off.

Was the process easy? No. I had to work hard and apply myself. The ability to see a light at the end of the tunnel gave me strength.

Did all of the aspects of the results of the program work out 100% ideally in my favor? No. Some of my debtors were kind to see my intentions and some were not.

Have my credit scores improved and my ability to be back in the game? Yes. It has been amazing to watch but I had to be disciplined.

Would I recommend the program to others? Yes and I have.

Will everyone you tell about the program think it is a good idea? No. I say talk to those who have fell to the bottom and reached for a lift up and got it.

Sending the best of wishes to Adam, The CT Team and those seeking repair of their financial lives,

Sincerely,

Your company's results may vary. Every restructuring has a unique combination of issues and factors, including the length of participation in the program. All of these variables affect individual outcomes. There are no "typical" results. There are no time limits for reaching settlements. Some creditors may settle after CT's first set of offers, and others may be resolved later on. Debts may increase until a resolution is reached.
