10000

To whom this may concern,

I wanted to take this opportunity to properly thank the fine men and women of Corporate Turnaround for their outstanding work over the past few years in helping my business overcome what seemed to be an insurmountable debt load I never believed I would pay off in this lifetime.

A few years back I had run into some problems completely out of my control that put me behind the 8 ball with very little hope of recovering. An issue brought on by my suppliers followed up by an injury set me back with little places to turn. I got talked into a terrible loan to prop up my business during this slow time that quickly spiraled out of control. I was facing either packing it in completely and filing chapter 7, or taking a chance with some guy over the phone that said he could help me.

Scott [redacted] was the first person I spoke with at CT way back in 2015. He detailed a debt restructuring plan his company had put together over the last 20 years in business that was not easy, but certainly worked if you stuck by the plan. I took a leap of faith and signed on and was introduced to my Client Advocate Adam [redacted]. Adam would take the account from there and run with it till we were out of debt and back on top...and RUN with it he did! Adam and his team at CT re-negotiated my outstanding liabilities into a MUCH MORE AFFORDABLE monthly payment that allowed me to survive. That is all I needed....some more time. My main creditor was so pushy and demanding which led me to believe there was no way out. CT helped me see the light and after a few years—I am debt free and a better business owner as a result of this experience. I will never fall into the trap again. Lesson learned!

In closing, to all those business owners out there that are at the end of their rope and feeling like there is no place left to turn, call Corporate Turnaround and listen to what they have to offer. It may just be your only savior.

Your company's results may vary. Every restructuring has a unique combination of issues and factors, including the length of participation in the program. All of these variables affect individual outcomes. There are no "typical" results. There are no time limits for reaching settlements. Some creditors may settle after CT's first set of offers, and others may be resolved later on. Consult with a licensed attorney regarding the applicability of bankruptcy. Until a debt is resolved, creditors may continue with their collection efforts, including phone calls and legal action. CT does not provide any legal services or legal advice. Debts may increase until a resolution is reached.
