

COMEBACK STORY OF THE MONTH

Hello To All,

I'm writing this letter in order to try and put into words what Corporate Turnaround has been able to do for me and my business with in 4 short months. I came to Corporate Turnaround after embedding my business in multiple unsustainable MCA loans which were sucking the life out of my business and me to put it in the lightest way I can. From the very beginning Adam [REDACTED] was able to put me at ease with not only his years of experience but with realistic expectations on what to expect. I arrived at CT with almost 500k in debt from these aggressive lenders and I'm currently down to around 350k. Although the process isn't over, the light at the end of the tunnel has become much much brighter and thanks to Adam (and the truly amazing staff he works with) I have no doubt we will soon have all the loans settled. I only have one regret, That I didn't call them up sooner... The savings would have been even more. If you're someone in doubt please feel free to reach out to me as I was in your shoes I assure you.

I will forever be in deep appreciation for CT and Adam.. Cheer guys!!

Thank You

Your company's results may vary. Every restructuring has a unique combination of issues and factors, including the length of participation in the program. All of these variables affect individual outcomes. There are no "typical" results. Settlement offers range from pennies on the dollar to payment in full. There is no guarantee of savings. There are no time limits for reaching settlements. Some creditors may settle after CT's first set of offers, and others may be resolved later on. Debts may increase until a resolution is reached.
