To whom this may concern,

I wanted to take a moment to express the most sincere gratitude to a great company that helps struggling businesses like mine get out of debt on their own terms and with the utmost respect possible.

A few years back my business was at a cross roads as a number of catastrophic events led to a deep financial burden that I never thought I would overcome. The economy collapsed, my partner/landlord abandoned me forcing me into a very costly relocation, and a severe mental depression all hit me at once causing a downward spiral for myself and the business. My family did their best to hold it together while I tried to pick up the pieces but I what I really needed was some professional help with my growing debt load. It had become unmanageable trying to do it on my own.

I received a call from a gentleman named Scott [REDACTED] one night and he told me he had just the program I was looking for. He detailed a plan that his company Corporate Turnaround would put in motion for my business to help it get back on track and on the road to recovery. He told me it wouldn't be easy, but it could be done, as long as I listened to his team of professionals throughout the process. I was skeptical at first, but knew something had to change to right this wrong. I enrolled in their program and away we went. I was introduced to Adam [REDACTED] as my Client Advocate and right hand man. Adam was in charge of the account and was there to explain anything and everything each step of the way.

Month by month each lease, loan, vendor, credit card, and merchant cash advance I had handed over to CT was resolved at a more affordable rate that allowed my company to recover and eventually rebuild till I was finally debt free. A giant weight had been lifted. I could finally breathe again. What a RELIEF!

I cannot thank the hard working, understandable, and intelligent people at CT enough for the job they did for myself and my family. Life savers. If you find your business struggling financially in any way, shape, or form—CALL CORPORATE TURNAROUND as soon as possible. You will not regret it.

Forever grateful,

Your company's results may vary. There are no time limits for reaching settlements. Some creditors may settle after CT's first set of offers and others may be resolved later on, with settlements ranging from pennies on a dollar to payment in full. Until a debt is resolved, creditors may continue with their collection efforts, including phone calls and legal action. CT does not provide any legal services. Each restructuring has a unique combination of factors, including the length of participation in the program. All of these variables affect individual outcomes. There are no "typical" results. Debts may increase until a resolution is reached.
