

Thank you and Corporate Turnaround for helping my business get out debt and back on the road to recovery.

Back in December 2010 I felt lost and pretty much out of options. My business was well known for excellent work and professionalism, but had hit a down turn in service calls do to struggling economy. My work orders shrank and the bills piled up. More and more people decided it was a better option to try and fix their electrical problems themselves or just simply let them go due to not having the funds available to pay for the proper services. We continued to plug away waiting and hoping for calls to come in. They never came. We couldn't keep up and before we knew it we were nearly 75k in credit card debt with no relief in sight.

We found Corporate Turnaround on the web and decided to give them a shot. What did we have to lose at the time....NOTHING. We were behind with everyone and trying to survive.

We spoke with the salesman who did a great job explaining what they could offer. The question was: Can they actually produce what they said they could? Less than 2 years, the answer is a resounding YES.

We entered 5 creditors into the program owing \$73,699.53 and got out paying a total of only \$30,545.56 to my creditors after Corporate Turnaround worked with them to accept less. The way they sold my financial hardship and budget was revolutionary. They never deviated from what they believed and stuck with our goals from the beginning. I knew this wasn't going to be easy and that there may be bumps in the road. The key was being committed and believing that I was doing the right thing and with the right company. Boy was I right.

I now sit here roughly 2 years after I started the program with [REDACTED] and CT DEBT FREE!

I CAN'T BELIEVE IT. 75K IN Credit card debt with high interest rates paid off in 2 years! How is that possible? Corporate Turnaround and [REDACTED] is that possible!!!

I would recommend CT to any business that is serious about getting back on the road to recovery and out of debt. CT ALL THE WAY!
