Corporate Turnaround

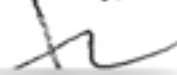

Re : Appreciation

To Whom It May Concern:

I'm writing this letter to you in appreciation of your services. As I stand here today on the other side of a \$75,000 credit debt. When I called Corporate Turnaround 4+ years ago, I was staring the very real possibility of closing down my office and having to face the uncertainty of searching for a job after being self-employed for 8 years, but even worse than that, giving up the uncountable number of hours of work and passion that I poured into my business. When I called CT, I have to say that it was absolutely humiliating for me to basically admit that I had failed by not being able to fulfill my credit obligations. I was fighting with increasing interest rates and monthly debt service in excess of \$3,000.00 per month. After about a week of getting everything to my account manager, I was informed that my monthly obligation was going to be \$1,255. What a relief it was to hear those words. It allowed me to concentrate on maintaining and growing the business that I had spent so much time and energy to grow and remain self-employed. My debt was originally at \$75,235.18 with 15 different creditors. Corporate Turnaround settled that debt over the course of 4 years for \$41,593.51. You can do the math. More importantly I was finally out from under the burden of endless unsecured debt and sleepless nights. I am certain that if I had not contacted them (CT), my debt would be larger and even more unmanageable and I would have been left with only one option, BANKRUPTCY! The way that CT handled it allowed me to fulfill my obligations on my terms, not the creditors terms.!

My business is growing and I've hired 3 new people in the last 12 months and plan to add 5 more in the near future. Thank you seems so dry and insincere, but CT has left me speechless, THANK YOU, THANK YOU, THANK YOU! A special thank you also to the people that I worked with along the way, Sharon, Nick and Adam, every time I needed to speak to these people, they always made themselves available to me to put my mind at ease and support me when I needed letters that illustrated what I was doing to pay my creditors. During the last 4.5 years I was able to secure 3 major loans in spite of my credit situation and that success can be attributed directly to the documentation provided to me by the CT Team of advisors. I was able to purchase a home, a car and secure a loan for equipment for my office. That all by itself is a miracle in these financial times!

Sincerely,

Your company's results may vary. Every restructuring has a unique combination of issues and factors, including the length of participation in the program. All of these variables affect individual outcomes. There are no "typical" results. Settlement offers range from pennies on the dollar to payment in full. There is no guarantee of savings. There are no time limits for reaching settlements. Some creditors may settle after CT's first set of offers, and others may be resolved later on.
