THANK YOU FOR BEING THERE WHEN WE NEEDED YOU:
ANTHONY [REDACTED]

To whom it may concern

Being in the service business and when the economy just started to go down, we had to do something to fend off the bill collectors and threatening phone calls we were receiving. It was becoming a daily routine of receiving no less than 10 calls a day. Trying to run a business and fending off calls was beginning to take its toll on my health and my overall attitude to stay in business. I then started to see commercials about debt help for businesses. The first one I saw was Corporate Turnaround. The next day my wife and I called them and talked to one of their specialist. After 2 hour conversation we felt comfortable with their program and started the process to turn our problems over to them to solve our debt issue. Corporate Turnaround developed a monthly payment structure that fit our budget. When times were slow again, they were flexible, considerate and understanding in adjusting my weekly payment. What a relief to not have to explain to them about my problems. They just said let us know when we can get back on track, and we'll go forward.

When creditors starting to settle, that made life a little easier to continue to run my daily business and get back to the good times again. When we finally made our last payment we felt like had accomplished a goal I thought I never could have done.

Thank you again, Anthony [REDACTED] and Corporate Turnaround for the professional job you did. Without your hard work and dedication in helping us with our credit debt, we would probably be out of business. I would not hesitate to recommend you and your company to anyone.

Sincerely,
