Let me start by saying that deciding to use Corporate Turnaround's services was the reason I was able to avoid bankruptcy and the reason I was able to maintain my sanity.

After serving eight years in the Army, and my wife serving 20, we decided to invest in a major quick service franchise. We thought, "What could be worse than being in the Army?" We quickly realized that we had bought ourselves minimum wage jobs. We overpaid for the restaurant and were left with no guidance as to how to run it. In hindsight, we did a pretty good job of running the business. Unfortunately, the money coming in did not match the money going out. After two years of struggling, catching up, and struggling some more, the rigors of a deployment overseas began to catch up to me and my mental health was compromised.

After a week in the hospital, I began looking for a bankruptcy attorney. During my internet search, I came across Corporate Turnaround. Adam [REDACTED] has been the most incredible help to me and my family. About a month after calling him, the phone calls from angry creditors stopped. I was able to focus on healing emotionally and running my business efficiently. I hope that all the members of Corporate Turnaround that assisted with my case, understand that they not only helped me out of a financial nightmare, but that by doing so they provided me a better environment in which to focus on my health.

Unfortunately, I was not able to return to work in the same capacity that I left and we were forced to sell our business. After a year and a half, we sold the business back to the original owner at a 17% discount. Luckily, Corporate Turnaround was able to use the small amount of money left over from the sale and the money we sent to the monthly to settle with our 9 creditors which were owed \$55,039.36. They saved us \$28,875.59 and allowed us to start our new life without having filed bankruptcy or being saddled with a huge debt.

It is with great gratitude that I write this testimonial. Corporate Turnaround definitely has my whole hearted recommendation.

Sincerely,

Your company's results may vary. Every restructuring has a unique combination of issues and factors, including the length of participation in the program. All of these variables affect individual outcomes. There are no "typical" results. There are no time limits for reaching settlements. Some creditors may settle after CT's first set of offers, and others may be resolved later on. Settlement offers range from pennies on the dollar to payment in full. There is no guarantee of savings. Consult with a licensed attorney regarding the applicability of bankruptcy. Until a debt is resolved, creditors may continue with their collection efforts, including phone calls and legal action. CT does not provide any legal services or legal advice.
